

WHAT TO DO WHEN YOU NOTICE A FIRE?

- 1** If you notice a fire, immediately call the fire department on phone number 193 or the emergency center on 112.
- 2** Start the call by speaking slowly and clearly, stating what has happened and whether people are in danger.
- 3** Provide the exact address of the fire or other emergency situation.
- 4** Be prepared to give additional information and personal details (your full name).
- 5** End the call only when the fire-fighters you contacted tell you it's okay to do so.
- 6** Do not use the phone line until the firefighters arrive, in case they need to call you back for more information.
